Kiwanians Give Traditional Turkey Dinner For Kids

Return of a yearly tradition will take place Tuesday, Dec. 21 when members of the Campbell Kiwanis club will have as their guests the children from grammar schools for a turkey dinner and Christmas party. The dinner will be held at the usual noon meeting time for the club, and each member will bring a student guest.

Santa Claus will be present and gifts will be distributed to the small youngsters. Committeemen in charge of the event are L. J. Hill, chairman, R. B. Bishop, Milton Nelson, Tony Ferro, Ira Grim and Henry Jewel.

The dinner was a yearly tradition in the annals of the club before the war, but was dispensed during the trying times that followed. This year will mark the first time the event has been given since it was discontinued and will be a resumption of the tradition.

The dinner will be cooked and served by members of the American Legion Auxiliary Post No. 596.

Chamber Backs Formation Of National Guard Unit Here

Speakers at the Wednesday night meeting of the Campbell Chamber of Commerce included Capt. W. A. Smith and Major Langley of the California National Guard who spoke on the possible formation of a National Guard unit here in Campbell. The unit, which would be an artillery unit would be to the favor of the young people of the area, as by joining they would be exempt from the draft and be able to put in their military service at home.

The Chamber of Commerce went on record as favoring the formation of a unit here in Campbell. Three things are necessary to secure a unit for this area. First, temporary housing for the unit must be secured; second, a group of at least 17 men must signify their intentions of joining and third; a suitable site of at least two and one half acres must be secured by the community for the erection of a $105,000 armory to be erected with State funds and to serve as headquarters for the Guard and for the community.

Forrest A. Reese has been designated chairman of the project by Capt. Smith and has stated that the American Legion, Campbell Post No. 596 is in favor of the establishment of the unit.

Descendant Of Spanish Don Passes In S. J.

Funeral services were held on Tuesday, Dec. 14 from the San Jose Seventh-Day Adventist Church for Salvadore Frank Bernal, 70, who passed away unexpectedly at his home in San Jose Sunday.

His death opens up an interesting train of speculation as to the hidden treasure reportedly stored on Bernal property which was the former Santa Teresa Ranch. Now known as Edenvale District, it was a grant from the King of Spain to Joaquin Bernal, Salvadore's great-grandfather, in recognition of services rendered the Spanish crown. The ranch grant once contained 10,000 acres, and is still partially in possession of a branch of the family.

Many treasure hunts have been conducted on the ranch, as the legend runs that a French saddlemaker, Changarra, sold saddles throughout California and buried about $10,000 on the Bernal ranch. He died without leaving information as to the whereabouts of the money.

Bernal leaves his widow, Gertrude; a daughter, Mrs. June Paddle of Los Gatos; a brother, Anthony Bernal of San Jose, and a grandson, Darrell Paddle of Los Gatos.

Funeral arrangements were in charge of the Rutherford Funeral home with interment in the Santa Clara City Cemetery.

Moorpark P-TA Enjoys Recent Xmas Program

Members of the Moorpark PTA enjoyed a Christmas program at their recent meeting which was presided over by Mrs. Robert McArdell, president. During the program the children presented a group of poems and carols with Miss Dorothy Beatty, kindergarten teacher, playing the accompaniment.

Mrs. Fred Garret, school nurse, explained how important the visual and hearing testing programs are in the school and urged the PTA to donate money toward one of the two machines, the audiovisual or the auditometer. It was stated that Moorpark could go together with San Tomas in sharing the machines.

Ben Mabie, principal, asked for volunteers to form a panel to discuss citizenship studies in the schools. He requested that eight women and eight men be appointed to form the panel.

It was revealed that the eBverly-Burbank merchants have donated Christmas candy for the Moorpark and Burbank schools. At the meeting the membership voted to give the newly-formed Moorpark Mens Club $40 to help build three pieces for playground equipment for the school.

Following the conclusion of the business meeting refreshments were served by the fourth grade mothers.

Van De Mark is a resident of the Beverly tract, which is a part of the old Hamilton school district. His appointment is in accordance with the agreement to have as a school board member a resident from each of the old school districts, of which there were four.

Van de Mark has been interested in the administration of school affairs for some time, and originally trained as a school teacher. He is now connected with the paint and hardware business in San Jose.

Other members of the school board included Ross C. Trowbridge, president; E. L. Farnham, clerk; Lee Anderson, and Walter W. Williams.

Sanitation Plan Discussed At C of C Meeting

Formation of the proposed Sanitation District Four which would include all the outlying districts in Campbell into a unified County-wide program under the Hyde-Sullivan plan, was explained on Wednesday evening by Don Reinoehl to members of the Campbell Chamber of Commerce.

At present the Campbell Sanitary district serves only the present Campbell area with the outlying areas using septic tanks. The east side of San Jose recently passed the sewer incorporation overwhelmingly.

Xmas Program Given By Moreland School Students

Two performances of the Moreland school Christmas program were given this year because of lack of seating space to accommodate an audience.

The first performance was given at 9:30 a.m. with the evening performance at 8 p.m. on Thursday, Dec. 16.

A Christmas play "Santa Claus and the Angel" was given by a group of students with Mrs. Mae Montmorency as general director and Duane Fissel as the student director.

"Christmas Everywhere," a group of scenes of other lands coordinated by two fairies, Julia Hoagland and Carolyn Harp was also presented. The lands portrayed were England, Mexico, Holland, Russia and Bethlehem. A student chorus sang Christmas songs to accompany the scenes. Mrs. Barbara Traylor directed the presentation and Mrs. Gussie Baker and Mrs. Iola Kerwin were the piano accompanists.

Antone Ferro Retires After 28 Years' Service

Antone Ferro, chief custodian of the Campbell Grammar School for the last 27 years, is retiring. "Tony" as he has been affectionately called by the thousands of young students who thronged the school halls, has been associated with the school since it was built in February of 1922, and before that he was with the old school building for six months.

Tony deserves much credit for keeping the building of the school in such excellent shape and also for his fine character which has been a source of guidance to many of the pupils of the school. He will be missed by his many friends around the halls.

Taking his place as chief custodian will be his son, Theodore, who has a fine reputation to live up to as he goes in the footsteps of his father.

Heater Fumes Kill Former Campbell Woman

Mr. and Mrs. Angelo Bellicitti of Campbell were bereaved last Monday, Dec. 6, when their daughter, Mrs. Lorraine Merlo, of Box 182 Allendale Road, was found dead in her home at 6 p.m., a victim of asphyxiation. Mrs. Merlo's husband, P. L. Merlo, stated that he had left a gas stove going in the house when he left early in the morning, which apparently exhausted the oxygen supply. Resuscitation apparatus was used without success.

She leaves her husband and her parents and a brother, Harry L. Bellicitti of Saratoga and an aunt, Mrs. Martin Ernest of Campbell. A native of Campbell, she was 30 years, 11 months and 12 days old at the time of her tragic passing.

Funeral services were held on Thursday, Dec. 9 from the Chapel of the Amos O. Williams Co., in San Jose at 8:45 and a Requiem Mass was recited at St. Joseph's Catholic Church in Cupertino.

Maderis Market Leads League; Hardware Second

The Burbank Recreation Club was defeated for the sixth time last Tuesday night at the high school gym. The Jones Service boys administered the blow to the visitors by a score of 36 to 29. Mel Estrada colleced 16 of the points for the victors.

In the second game Clark's Drugs spilled the Strong Painters 43 to 33 with Sam Schaeffer as the high point man for the Pill Rollers.

There will be no games played in the High School for the next two weeks because the floor is to be resurfaced.

All games scheduled for Tuesday, Dec. 21, will be played Jan. 4. All other games will be set back exactly two weeks.

Campbell Hardware moved down into second place after losing a close one to Maderis, 39 to 31. The grocerymen are now leading the league. Doug Pederson won honors as high point man with ten points to his credit.

In the first game last night, the Jones Service Casaba Tossers trounced the Strong Paint squad 43 to 27. Dick Raphel was top scorer for the gasoline dispensers.

Campbell Hardware came back last night to defeat Clark's Drugs 39 to 33 in another close tangle. Joe Novckovich and George Persha split scoring honors with ten points each. Eight of Persha's points were sunk on foul throws.

The Maderis Marketmen made quick work of Tony's Busy Bee, as the marketmen ran up a score of 50 while they held the Bar boys to 24. Kay Borg and Doug Pederson scored 14 points each.

Attendance of these games has been fair, but it is hoped that more people will attend to make this basketball league an overwhelming success.

Parade vs. Rain; Rain the Winner

Maybe the Campbell Chamber of Commerce parade should hire out as a proven rain-maker. All they have to do is to announce that the Santa Claus parade is scheduled to be held a certain night, and presto, it rains! And maybe the rain is the best present that Campbell farmers could receive at that!

Anyway, just for the record, the parade which was originally scheduled for Monday night was rained out and postponed until Thursday night—when again it rained. When last heard of, the parade was definitely off for good.

In place of the announced parade Santa Claus will go from store to store in Campbell Saturday evening. So, kids, have your parents take you to see Santa in Campbell Saturday evening.

Rev. and Mrs. A. F. McKinney of Marguerite Road have an unexpected houseful of grandchildren this week. Sunday morning their son-in-law, Donald Platsis of 910 San Tomas Road, arrived with his small 4-year-old son for "grandmother" to take care of, having just taken his wife to the hospital.

Mrs. McKinney is reported recuperating fine, and Mrs. Platsis is the proud mother of a new son, who checked in at 2 p.m. Sunday at 7 lbs. 12 ounces. He has been named Jerry.

In the meantime grandmother and granddaddy have been having a nice though lively time entertaining the four grandchildren.

At the same meeting were three transfer scouts, Bill Cockey of Santa Cruz, Roger Schaefle of Campbell, and Arty Carr of Cupertino who were presented with their cards of registration in Troop 31.

Future plans of the troop include a three-day camping trip in the Santa Cruz Mountains during the Christmas vacation, and a Christmas party with Troop 49 of Palo Alto.

San Tomas PTA Group Enjoys Student Program

The regular meeting of the San Tomas PTA was held Tuesday, Dec. 13 at the school house with Mrs. Ray Martin, vice-president, opening the business session. Plans for a card party to be held at a future date were discussed by the membership.

Following the business session students of the San Tomas school presented a Christmas program, the first number being several songs by a student choir.

Eight students of Mrs. Lombard's primary room recited several poems followed by Christmas carols by Nan and Nat Ganet from the fifth grade room taught by Miss Blaines. Robert Herman sang the popular Christmas song, "White Christmas" followed by the students of Mrs. Miller's second grade room who presented a short skit about Christmas trees. Rebecca Fore was the big Christmas tree with Billy Ratlege as the middle size tree and Marylin Cummins as the small tree. Patty Lobez played the part of the little yellow bird, and Glenda Lockling the part of Santa.

The program was concluded with the student chorus singing "Silent Night" and a pantomine portraying Joseph and Mary, played by Douglas Wilson and JoAnn Cummins. The program was much enjoyed by the members of the Parent-Teacher group, after which refreshments were served to all the members and the children.

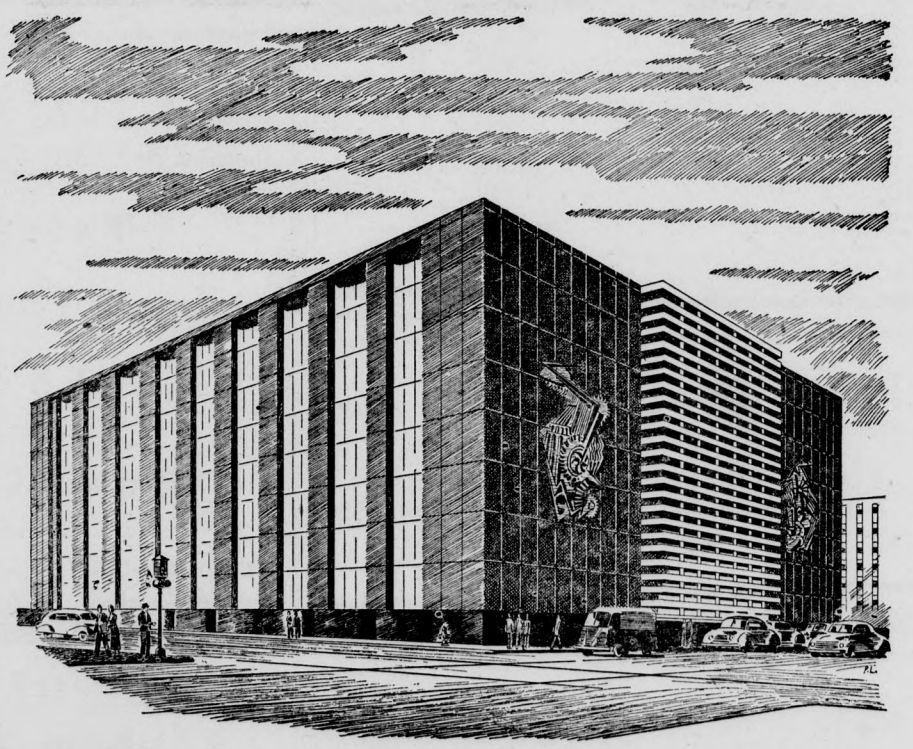
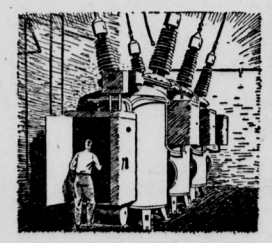
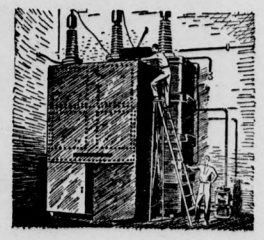
New P. G. and E. station brings power and beauty to San Francisco



Dramatic symbol of electricity today is P. G. and E.'s new transmission and distribution station on Mission Street near San Francisco's Civic Center. The station was designed along clean, functional lines with massive construction — a modern style of architecture that reflects dignity and strength, and adds to the city's beauty. Two 110,000-volt underground cables — first in San Francisco's history — carry power into the building where it is transformed, or "stepped down," into lower, usable voltages. The current is then fed into the intricate network of substations and distribution lines that supply San Francisco's homes and businesses with light and power.



This giant circuit-breaker regulates the power, turns it on and off as it's needed... like the light switch on your wall. It automatically controls the flow of tremendous electrical energy to the station's transformers.



New 75-ton transformers are expensive...so is all other equipment which goes into our new facilities. Since V-J Day, we've spent $300,000,000 in new construction... money which has come from thousands of investors.

for the record
P. G. and E. has added 12,000 miles of power lines since V-J Day.
Over 400,000 new horsepower has already gone to work for California.
And before 1952, another 1,500,000 horsepower will be on the lines.

Work never stops on our power-building program

Steve Butler Awarded Prize For Showmanship

Steve Butler, local theater manager, attended a manager's meeting of The Sunnymount Theaters in San Francisco last Thursday, where he was awarded the first prize for best showmanship for the month of November. Butler was also awarded membership in the Manager's Round Table of Motion Picture Herald.

Following the business session the managers of the Sunnymount Theaters enjoyed a luncheon at the Variety Club.

Since taking over the management of the Campbell Theater, Butler has put on several stage shows and has secured better pictures for the people of this vicinity. Installation of a new ventilating system will be completed this week and also repainting and reorganization of the theater lobby will be completed.

Butler feels that as a merchant of Campbell he will strive to work with local merchants, civic organizations and Campbell schools. His employees are all local Campbell people and include Mrs. Mildred Tucker, cashier; Joseph Kirt, Jr., doorman; Albert Herschbach, Jr., assistant doorman and usher; Betty Leard, relief cashier and candy bar; Ida Holder, usherette and Bennie Ciraulo, operator. A Christmas party for the employees of the theater will be held this week.

The outstanding picture, "Red River," will be brought to the Campbell Theater on Jan. 20. As there is such a nation wide demand for this Howard Hawks production it will only be run for five days.

Guests At Recent Cocktail Party

Mr. and Mrs. Clinton Hocking, Mr. and Mrs. Wilton Stine were guests at a cocktail party given by Mrs. F. A. Hunter in San Jose recently when she entertained preceding the annual banquet of the Farm Bureau Association.

THE FARMER'S CORNER

By RALPH H. TAYLOR
(Executive Secretary, Agricultural Council of California).

A national news commentator recently devoted his column to an exposition of the theory that many people who rail against property rights and support unbridled government controls actually do not understand that you cannot destroy property rights without destroying human rights.

He used a penetrating, if amusing parable to drive home the point that in collectivist societies, such as Communist Russia, where property rights have disappeared, the standard of living of the workers not only fails to rise but the workers find themselves automatons in a society run for the benefit of a few leaders whose dictates must never be challenged.

The story goes like this:

An American touring Europe visited a nationalized factory in Czechoslovakia. A few automobiles were parked outside the entrance. He asked his guide who owned the automibiles, and was told that while the factory was owned by the workers, the bosses owned the cars.

Then a Czech businessman visited America. He visited the block-long plant of a big corporation. Rows of cars were standing in a parking area adjoining the factory. The Czech wanted to know who owned them. The factory, he was told, belonged to the "bosses," the workers owned the automobiles.

The writer of this parable summed his analysis of the logical consequences of policies dedicated to the abolition, or violent hamstringing, of private enterprise, in this paragraph:

"It is no chance coincidence that in the societies where the rights of property, subject to legal regulation against fraud and other abuses, are most firmly established, such indisputable human rights as freedom of speech and press, assembly and election rest on the strongest foundations. Economic freedom, political freedom, intellectual and spiritual freedom are parts of an indivisible whole."

It would be beneficial for this Nation as a whole if the abstract ideas expressed in the previous paragraph were examined thoughtfully at the present time by leaders of workers who intend to press in the next Congress demands for legislation drastically controlling the Nation's free economy.

While sponsoring these demands, according to general reports, the representatives of lober unions at the same time intend to seek a fourth-round wage increase on behalf of millions of employees in practically every key industry.

In Cincinnati a few weeks ago, at the national AFL convention, 15 leaders signed an executive council report which defended in strong terms "the vigor and energy characteristic of the free enterprise system." At the same time, in convention sessions, the organization backed strong governmental regulation of business through price controls, voluntary or enforced price cuts, outright repeal of the Taft-Hartley law, exemption of labor from antitrust prosecution, Federal aid in the billions of dollars for various socialization schemes, and similar measures. Thus they would reduce the freedom of action of business while increasing the freedom of action of labor—and swelling the pay check of the individual.

That these measures—and others even more stringent advocated by the CIO—would place a smothering blanket over private initiative seems not to trouble their advocates. Carried to their extreme, of course, they would mean progressive stagnation of business and industrial activity. The goose that laid the golden egg would be a sick bird, indeed.

And, of course, with the restriction of private enterprise the powers of a State on the corporate pattern would grow. As the writer quoted earlier in this article observed, "it is a curious brand of logic that sees a cure for the evils of private monopoly in the setting up of an all-powerful collectivist State in which there would be no competitive stimulus whatever."

"Curious" indeed! Irrational would be a better word.

Youth Fellowship Group To Present Christmas Play

Members of the Methodist Youth Fellowship will have a busy evening Friday, Dec. 17. Starting at 6:30 they plan to trim the church Christmas tree, practice carols, and have a final rehearsal of the play. Refreshments will be served.

The play, under the direction of Miss Georgene Lloyd, will be presented Sunday, Dec. 19, at 5:00 p.m. followed by a tea to be given by the W.S.C.S.

Saturday, Dec. 18, the group will again meet with the other MYF'ers in the sub-district for a social evening at the San Jose YMCA. Activities planned are swimming, games and movies. A highlight of the evening will be a basketball game between Campbell and Santa Clara.

The regular MYF meeting will be Sunday at 6:30 p.m. Jane Taylor will lead the worship service. All high school or college age young people will be welcomed.

Mr. and Mrs. Harry Campbell of San Bruno were dinner guests Sunday at the home of Mr. and Mrs. Edward Slater of 32½ South Third street.

Gopher Control To Be Demonstrated At Carre Ranch

Gopher control will be demonstrated Saturday, Dec. 18 at the W. E. Carre ranch, Rt. 2, Box 741 of Campbell, it was announced by the Agricultural Extension Service this week. The Carre orchard is located on West Rincon Ave. between Virginia and San Tomas Road and can be reached by way of the Campbell-Los Gatos Road on the east and by San Tomas Road from the west.

In charge of the demonstration will be G. D. Worswick, assistant farm adviser. Emphasis will be on aiding owners of new homes in orchard subdivisions.

Worswick pointed out that timeliness is the essence in a highly successful gopher control program. With Winter rains at hand, evidence of gopher "workings" will be on the increase as lush, green feed appears and the active breeding season follows along during this period of good feed.

With the knowledge that the average number of young in gopher litters has been shown to be six individuals, it can be clearly understood that early control work will materially shorten the time involved in handling the situation as well as assure a better cleanup. One individual is easier to account for than several, which is the case after a litter has weaned and migrated out on its own.

There are numerous practices employed in gopher control, all with more or less success. One of these methods is and has been the standard practice and has been recommended as such by the Agricultural Extension Service for many years: namely, the poison probe method. Simplicity, effectiveness and low cost add to its desirability.

This practice involves a simple probe, which can be put together on any ranch or in a workshop, easily to locate the gallery in which the gopher lives. By so doing, a direct entry is had without disturbing the prey. A poisoned bait may then be introduced below the ground level.

With the realization that a few simple fundamental principles should be followed for best control and that a visual demonstration in the field is helpful to farmers, orchardists and home owners alike.

Louise Hayes PTA Guest Speaker

Miss Louise Hayes, for 20 years a missionary in Korea, was the guest speaker last Wednesday afternoon at the regular meeting of the Campbell high school PTA. Miss Hayes, who is now connected with the Ming Quong Home in Los Gatos, told how needy Chinese children from 5 to 12 years of age are taken care of at the home and given an education in the public schools. When the children reach the age of 12, they are sent to a similar home in Oakland, where they are placed in fostor homes.

The group was also entertained by the school a cappella choir under the direction of Frank Triena.

The next meeting will be held on Jan. 12 when parents will visit children at an open house in the schools. Mrs. James Gleed presided over the business session.

A LITTLE MORE COURTESY, PLEASE

A dangerous practice is becoming prevalent in Campbell — and in many other towns as well. In Campbell it is being especially brought to our notice because of the fact that so many elderly persons with poor vision have found Campbell the ideal place to relax and retire from more active lives.

But, their very lives and limbs are daily placed in jeopardy by the careless habits of many of our young cyclists, who forgettingly leave their bikes sprawled on the sidewalks while they run into the stores on an errand for "Mom". To persons with good vision, this is merely one more obstacle to go around, but to our elderly population, several of whom are blinded, this practice is extremely dangerous as they cannot perceive the obstacles in time to steer around them.

Is it too much to train our young people in a simple act of thoughtfulness? Bikes can be propped up out of the sidewalk traffic lanes.

RUSTY WINCHES GRIND, MEN GROAN

Men and winches creaked and groaned a bit from inactivity, but as 95 days of accumulated rust was removed from the Pacific Coast waterfront last week, the future looked bright.

As usual, of course, no one wrung any material gain from the strike. And in the weeks to come, statisticians undoubtedly will document the upheaval by showing that shipowners and unions will need years to recoup their monetary losses. What the public suffered probably never will be known.

But, for the first time in waterfront history, a three-year contract has been signed, including provisions for yearly wage discussion. The National CIO, in a letter from President Phil Murray to the Waterfront Employers Association, has promised to underwrite the contract to the best of its ability. New grievance machinery has been set up to the announced satisfaction of both sides. And so-called "quickie" strikes have been outlawed.

The new pact reportedly is intended as a long-range peace plan, and interested parties have expressed a "very sincere" willingness to get along.

If the program is conscientiously followed through, new meaning is given the waterfront's awakening. In the long run, only continued operation of the waterfront serves the best interests of all concerned — unions, employers and public. That elementary fact, it is to be hoped, has been recognized at last.

Navy One Year Enlistments Still Open In Area

According to N. S. Hamlin, U.S. Navy Recruiter for this district, the one year enlistment in the Navy is going begging. The Navy has a large number of 1 year enlistments open to men 18 years of age, and very few men have taken advantage of this so far. A man must have a bona fide birth certificate, he will go overseas, but not to a base, he may reenlist after this year if he chooses or go into the Naval Reserve, and he will not be called for the draft after he gets out. Men interested should see their local Navy recruiter at the Post Office Building, San Jose.

By VIRGINIA GRATTAN

Scofield Hall was the setting for a county-wide banquet of the Tri Y and Hi Y groups, Tuesday night. After the dinner the club members discussed future activities. Clubs attending from Campbell were: Milana Phi, Fidae, Seetaubs, El Lobo, Eta Phi and Excalibur.

Two assemblies were presented to the student body this week. The National assembly program presented Mr. and Mrs. Dona, folk dancers from Holland. Part of Friday's assembly consisted of music by the high school orchestra and choir, directed by Frank Triena and the Girls' Glee Club directed by Mrs. Marye Parker. "The Enchanted Christmas Tree," was presented by the drama class, under the direction of Alvin Wolf.

Since they have finished their practice teaching, Campbell's student teachers are leaving this week to return to their studies at San Jose State College. Leaving are: Bob Cutler, Frisco Sartor and Gordon Hay of the P.E. department.

Gayle Schrader of the junior class led the ticket selling drive for "Smilin' Through," by selling 54 tickets with Gil Schrader, of the freshman class, second. John Meischke's second period chemistry class won the class prize by selling 279 per cent. The student prize was $5.00 and the class prize $10.00.

WINNING ESSAY

'WHY WE SHOULD MAINTAIN AN ADEQUATE NAVY IN PEACETIME'

By RONALD CANTONI

"A nation with a coast line and a sea-borne trade may be attacked by enemy powers unless it has a well-balanced navy, strong enough to defend its shores. Such a nation may carry on extensive trade and avoid being attacked, but it can never become a first-class world power without an adequate navy.

"History has shown that a country with a strong navy is a strong country, a country upon which the other nations depend, to maintain peace. The British Royal Navy by its might kept the tiny British Isles a world power by patrolling the seas. Spain was an 'A' nation until the defeat of the 'Spanish Armada'.

"The first American Navy was formed at the outbreak of the Revolutionary War. In almost all of the wars involving the United States, the Navy has played an important part. At the present time we need an adequate navy as a protection against future wars.

"The Navy is the first line of offense or defense when a nation goes to war. The main principle of all modern naval warfare is that defense is assured only by offense. Command of the sea by blockade has been made less effective because of the submarine, the mine, and the airplane; but even distance bombing is ineffective without seacarriers, for the range of flight is limited without seaborn supplies.

"World War II produced the greatest national navy ever imagined, the American Navy playing an all-important part in wining the war. Such wars cannot be won alone by atom bombs. Invasion of man power is necessary, and here the Navy plays its dramatic, all-important role.

"Further, the Navy offers many opportunities for young men, who may see many parts of the world by joining. It also offers good pay and advaneement.

"During 1947 the United States Navy proceeded with a program to modernize itself. Modernization was authorized by Congress in the National Security Act of 1947. This Act created the office of Secretary of Defense and co-ordinated the actions of the United States Army, Navy and Air Force — an undefeatable fighting team, each part of which must be kept strong.

"Modernization of fighting tools was based on a scientific research program. Since the end of World War II, this program has started over 600 projects in nearly every basic science. A large amount of money has been set aside for Navy developments by the United States. Truly, the Navy is a means of furthering science, an aim in itself worthy of maintenance.

"And so — for world peace; a secure world of tomorrow; for strong, well-trained young Americans of tomorrow; for the furthering of science and learning in maintaining a lasting peace and a world where man may live without fear of destruction, an adequate United States Navy must be maintained. Thereby, our goal may be achieved for a happy, secure future."

Candle Lighting Service Scheduled Christmas Eve

A Christmas-eve Candle-lighting service will be held at the Congregational Church on North Central Avenue. In addition to the candle lighting there will be special music by the church Choir under the direction of Ben Ziegler. Dr. Corwin Olds, the minister, will base the meditation upon a Christmas story from Germany in World War 1, centering upon the familiar carol, "Silent Night."

The service will begin at eleven in the evening and continue until midnight, when the candles will be lighted. The public is invited regardless of church affiliation.

SENATOR WM. F. KNOWLAND—"America can no more return to a policy of isolation than an adult can return to childhood."

RAYMOND SWING, news analyst, in Asilomar—"Our foreign policy is based on a world that does not exist."

Methodist Sunday School Classes To Hold Xmas Party

A Christmas Party for the Nursery, Kindergarten, Primary and Junior departments of the Methodist Sunday School will be held on Tuesday afternoon, Dec. 21 at 4 o'clock in the Sunday School rooms. The White Gift boxes will be brought and placed under the Christmas Tree.

A special program has been arranged for the children by the Sunday School superintendent, Mrs. R. Lewis Brown, the Departmental Superintendents, Mrs. Milton Parker, Mrs. N. F. Bedal, Mrs. Joe Keesling, and Mrs. Rose E. Hanger, and the class teachers.

Sunday School To Hold Program

The annual Christmas program for the Congregational Sunday School under the direction of Mrs. John Duncan will be held Sunday evening, Dec. 19, at 7 p.m. in the church.

All Sunday School classes will participate in the program.

JOHN B. CONDLIFFE, Berkeley, UC prof.—"The one thing the world cannot afford is a breakdown of American economy."

MAYOR FLETCHER BOWRON, L.A.—"There are many persons in public employment who are willing to be traitors to their country."

ERROL FLYNN, Hollywood actor, on scuffle with police—"This is the worst public appearance I've ever made."
